SCHOOL SONG

We will walk the road together, hand in hand
Working - side by side we'll stand,
Out of many people we are one,
Children of all nations `neath the sun,
Playing, learning, growing here together,
To prepare for life ahead is our endeavour.

We are learning for living,
We are learning to care,
We share with each other,
We are proud to be here,
Hillel, Hillel our love and thanks to you,
Hillel, Hillel to you we will be true.

We lift our eyes towards the mountains blue,
They shelter and inspire us through and through,
We look beyond them to a wider world,
March to new horizons, flag unfurled,
With God as our guide, the future we face,
To give our best to human race.

We are learning for living,
We are learning to care,
We share with each other,
We are proud to be here,
Hillel, Hillel our love and thanks to you,
Hillel, Hillel to you we will be true.

At her discretion, and in consultation with the Principal, parents are asked to collect their child should he / she need to go home or to go to the doctor. If the parent cannot be reached or if immediate treatment is necessary, the child's family doctor is contacted.

N.B. **Medical forms must be updated regularly.** It is important that the office be notified of changes of family doctors promptly. The child may be taken to the family doctor or to Andrews Memorial Hospital at the discretion of the School Nurse and in consultation with the Principal.

All new students are required to complete and return the school's medical forms on or before the first day of term.

Late coming is particularly disruptive of each day's classes and of the general progress of the student and class as a whole.

- A child is considered late if he/she arrives at school after 7:50 a.m. in Grades 3-6, or after 8:05 a.m. in KG1 – Grade 2.
- Any child who arrives at school late will be admitted to class but will be recorded 'late' by the teacher.
- Parents are asked whenever possible, to schedule all doctor's/dentist's or other appointments outside school hours.
- Parents are asked to be very cautious about taking students from school during regular term time as the classes missed may contribute to gaps in the students' required knowledge base.

If a student is absent from school without prior notice, a written explanation from parent/guardian **MUST** be submitted to the class teacher on his/her return to school. In case of infectious illnesses, the letter must be accompanied by a doctor's certificate.

Parents will receive a letter if children arrive at school consistently late. If this continues, parents will be invited to a conference with the Principal.

SCHOOL CLOSURE AND EARLY DISMISSALS

Students must stay on the school grounds from the time they arrive until dismissal according to the daily schedule.

Students may be dismissed before the end of the regular school only at the discretion of the Principal or Coordinator. If a parent wishes to take the student out of school early or for a short period, permission must be sought from the Principal or Coordinator:

- a. In writing or in person
- b. In advance whenever possible

In the event that a student must leave during the school day for medical appointments, prior arrangements should be made with the School Nurse.

Unless students have a scheduled extra-curricular activity on campus, they should be collected promptly at the end of the school day.

In the event that school is cancelled, announcements will be made on RJR to give as much notice as possible or parents will be informed through their Class Representatives.

Hillel Academy traditionally observes early dismissal days on the last day of the school terms. Parents should be aware that dismissal in both schools will be at noon on these designated days.

PARKING

Parents should collect a Hillel car permit from the Main Office. **This permit must be prominently displayed on the windscreen of the car before admittance will be granted to school grounds by our security guards.**

Parents are requested to park only in the areas designated for visitor parking and to avoid parking in "NO PARKING" and "STAFF PARKING" areas.

GRADE LEVEL MEETINGS

Grade level orientation meetings are held at the beginning of each school year. This provides an opportunity for parents and teachers to meet each other and to discuss shared expectations and the academic requirements of the year.

PARTIES AT SCHOOL

Special arrangements may be made with the classroom teacher to acknowledge a student's birthday. Parents should contact the classroom teacher to determine what treats are acceptable. Parents should not send birthday invitations to be distributed at the school for out of school parties.

During the school year some special parties may be organized in which parents are requested to participate.

BULLETIN BOARDS

All items for the Bulletin Boards should be approved and initialled by the Principal or Grade Coordinators before they are placed on the bulletin boards.

EMERGENCY PROCEDURES

In the event of civil disorder or any occurrence, which may endanger the school community, the school has in place emergency procedures which will be followed. These procedures include fire and earthquake drills once per term which familiarize the students with these procedures.

DISASTER PREPAREDNESS

Fire and Earthquake drills are held regularly to develop safety practices that will enable students to move quickly and in an orderly manner to pre-designated safety areas during an emergency. Rules of safety are posted at key points in the school. During a drill or actual emergency, personal safety will depend on the manner in which students carry out regular procedures or modified instructions as the situation may dictate.

SECTION 4

STUDENT RULES AND REGULATIONS

PHILOSOPHY OF DISCIPLINE

The school believes that discipline policies and procedures should serve to protect and foster the physical, social, mental and emotional growth of students. Such policies should be appropriate to the age levels involved.

We believe that good discipline is vitally important because no group can work together successfully without previously established standards of behaviour, mutual respect, and a desirable system of values that leads each person in the group to develop self-control and self-direction.

We are aware of our responsibility to maintain a proper environment of learning. If the behaviour of an individual comes in conflict with the rights of others, corrective action becomes necessary for the benefit of that individual and the school as a whole.

We also believe that education and discipline are interrelated and cannot function exclusively of each other.

RESPONSIBILITY FOR IMPLEMENTATION OF PHILOSOPHY

In implementing this philosophy, we believe that the responsibility for developing and maintaining a climate conducive to learning must be shared by teachers, parents and students.

The Principal, in collaboration with the Director and Board, is responsible for the conduct of the school and gives full support to school personnel in the performance of their duty.

Teachers are responsible for providing a well planned teaching/learning situation and enforcing the rules and regulations of their classroom and school.

Parents are responsible for the behaviour of their children to the extent that they cooperate fully with the school and understand their policies, rules and regulations.

RESPONSIBILITY OF PARENTS

There can be no effective and lasting means of improving and eliminating discipline problems without parental support. Below are some of the areas in which parents are expected to actively participate and assist in student discipline.

- Ensure that your child arrives at school in good time to be ready and seated for the start of classes each morning.
- See that children are present every school day, except when illness or other emergencies keep a child at home. It is important that you inform the school on the day that your child is absent or in advance as the situation warrants.
- Ensure that your child fully complies with all requirements of the Dress Code.

- Provide sufficient time and adequate study space for homework and ensure that the requirements of the school/class are being met. Positive encouragement should be given to children and they should be motivated to do their best.
- If there is a known or perceived problem, the parents should seek first hand information (as soon as possible) by contacting the teacher.
- Insist that your child promptly bring home any communication from school.
- Read, sign and return all school communications as appropriate.
- Make every effort to be accessible during the school day, so that quick contact can be made in case of emergencies. Home, work and cellular telephone numbers should be made available and updated for both parents.
- Speak well of school personnel and the education they are trying to provide. Refrain from criticizing school rules when your child is listening. If you disagree with the rules, talk with school authorities; teachers, Coordinator, Principal and Director.
- School rules have been made in an attempt to teach children the necessary consequences of their actions and the assumption of a degree of personal responsibility for them.
- If he/she breaks the rules, encourage him/her to face the problem and resolve it in an orderly manner.
- Seek first hand information by calling the teacher promptly if there is a known or perceived problem at school.
- Check the Hillel Academy website (www.hilleljm.com) for up-to-date information. ‘Tuesday is Newsday on the Web’ and the school makes every effort to communicate all new items of information and news on that day each week.
- Read, sign and return all school communications as appropriate.
- Please contact the school secretary promptly with any change of personal information. Current home, work and cellular telephone numbers should be made available both parents/guardians.
- Refrain from criticizing school rules particularly in the presence of child. If you disagree with the rules, talk with school authorities; Teachers, the Coordinators, or the Principal or Director.
- Discuss the school's discipline guidelines with your child.

RESPONSIBILITY OF STUDENTS

There is no greater resource for good student behaviour than the students themselves. They should be reminded of the following:

- Become familiar with all items in the school handbook.
- Make it a practice to use good manners and show respect for others.
- In order to function in the classroom, certain rules of conduct must be accepted.
- Promptly seek the help of those who can be of assistance in solving problems and/or concerns/conflicts.

RESPONSIBILITY OF TEACHERS

Our teachers strive to create a classroom environment which empowers students. This is done through activities which build self-confidence, creativity and critical thinking in an atmosphere where there is trust and respect.

Pupils and parents must know the school rules and assist in their implementation.

THE ROLE OF PARENT GRADE REPRESENTATIVES

- Provide effective channels of communication between parents and administration.
- Meet, as a team, on a monthly basis with the Principal and the PTA Prep School Vice-President.
- Maintain current data bases of email contact addresses and telephone numbers for parents in the form.
- Respond promptly to a call from the Principal to activate the Cascade telephone System in cases of emergency.

CODE OF CONDUCT FOR GOOD BEHAVIOUR

All children are required to behave courteously and to show consideration for others. We encourage our students to care for their environment, and to develop an understanding and appreciation of the cultural diversity of our international community.

- All children are encouraged to exchange courteous greetings with each other and with adults.
- Students are taught to use “Please” and “Thank you” appropriately.
- Learning to share fairly is regarded as an important aspect of our social education.

- More serious or frequent incidents will be discussed with the parents of the children concerned. Any action will take into account the age of the student, previous behaviour patterns and the seriousness of the incident. A plan for monitoring future behaviour may be implemented. BEHAVIOURAL MANAGEMENT MEASURES

Listed below are some of the measures currently used in the school. While not all inclusive, it is a sample of the measures employed:

CONFERENCES – Conferences with the Principal, teacher and parents to resolve student misbehaviour. At times the Guidance Counsellor or another specialist may take part in a conference.

HOUSE POINT SYSTEM (Merits/demerits) – A method whereby a graduated point system is used for rewards and offences. Six merits in one week are required to earn special commendation.

DETENTION – Detentions are given when homework is not handed in on schedule, or in cases of repeated misbehaviour or violation of minor school rules and regulations. Detentions are served on Friday afternoons from 2:00 - 3:00 p.m. Parents /guardians will be given a minimum of 24 hours notice. A student who receives three detentions in any one school term will be suspended for 1 day. This suspension will be recorded in the student's file.

SUSPENSION - Students may be suspended at the discretion of the Principal for one or two days. Cases involving suspension for more than three days will be referred to the Director. Fighting incurs automatic suspension.

EXPULSION – The school reserves the right to ask parents to remove their child permanently from the school in cases of frequent or extremely disruptive or harmful behaviour. This action will involve parental consultation and referral by the Director and Principal to the Board of Governors.

GRIEVANCE PROCEDURE

The purpose of the following procedure is to establish clear channels for easy communication and the prompt resolution of problems or grievances that may arise.

As a general rule grievance will be dealt with at the lowest level first, before being considered at more senior levels of administration.

Prompt response will be provided at each level.

Any grievance:

1. Should first be taken up orally with the student's teacher.
2. If not resolved the grievance should be communicated in writing or orally by the parent/guardian to the Grade Coordinator.
3. If the matter is not resolved, the grievance should be sent in writing to the Principal in the Prep School.
4. If not resolved, the parent/guardian may request in writing that the Principal submit the matter with all documentation to the Director.

The Director will report all such matters to the School Board at its next meeting. Members of the teaching staff and employees of Hillel Academy should follow a similar procedure starting at the level which is applicable to them. By following such agreed procedures, early resolution of grievances can be effected in an orderly and timely fashion.
